

## ACR Products Documentation

*Use Adobe Reader 8 or later to view and print the PDFs above. If you don't have Adobe Reader 8, [click here to download the latest version.](#)*

This CD contains the latest documentation for ACR/Summary, ACR/Detail, ACR/Connector, ACR/File, and ACR/TransMatch. The tables below provide descriptions of the documentation. Click the link for the section you are interested in: [z/OS](#), [Windows](#), [UNIX and Linux](#), [IBM i](#) (formerly OS/400), or [ACR/Connector](#) (all platforms except Linux).

### Documentation for z/OS

Title	Contents	Release
Release Notes	This document describes the new features of ACR/Summary and ACR/Detail for z/OS, Windows, UNIX, and Linux.	4.3
ACR/Summary and ACR/Detail Installation Guide for z/OS	This is the installation guide for these products.	4.3
ACR/Summary User Guide for z/OS	This is the user guide for this product.	4.3
ACR/Detail User Guide for z/OS	This is the user guide for this product.	4.3
ACR/Summary Variable Cycle Processing Guide	This manual includes instructions and tutorials for ACR/Summary variable cycle processing, which is supported on z/OS, Windows, UNIX, and Linux.	4.3
ACR/Summary and ACR/Detail User Program Guide	This guide describes external programs that enable ACR/Summary and ACR/Detail for z/OS, Windows, UNIX, Linux, and IBM i to access additional input source types.	4.3

(Scroll down for additional documentation.)

## Documentation for z/OS (continued)

Title	Contents	Release
Messages and Codes	This guide explains messages and codes generated by the following products: <ul style="list-style-type: none"><li>• ACR/Summary and ACR/Detail for z/OS, Windows, UNIX, and Linux</li><li>• ACR/Connector</li><li>• ACR/File</li></ul>	4.3
Infogix ACR Solutions for Common Coding Challenges	This guide provides tips and techniques for some common rules-writing scenarios for ACR/Summary and ACR/Detail for z/OS, Windows, UNIX, and Linux.	4.3
ACR/TransMatch Installation Guide	This is the installation guide for this product.	4.2
ACR/TransMatch User Guide	This is the user guide for this product.	4.2
ACR/File Installation Guide	This is the installation guide for this product.	4.3
ACR/File User Guide	This is the user guide for this product. It includes a tutorial.	4.3

(Scroll down for additional documentation.)

## Documentation for Windows

Title	Contents	Release
Release Notes	This document describes the new features of ACR/Summary and ACR/Detail for z/OS, Windows, UNIX, and Linux.	4.3
ACR/Summary and ACR/Detail Installation Guide for Windows	This is the installation guide for ACR/Summary and ACR/Detail Server and Clients and ACR/Workbench.	4.3
ACR/Summary User Guide for Windows, UNIX, and Linux	This is the user guide for ACR/Summary on the Windows, UNIX, and Linux platforms.	4.3
ACR/Detail User Guide for Windows, UNIX, and Linux	This is the user guide for ACR/Detail on the Windows, UNIX, and Linux platforms.	4.3
ACR/Summary Variable Cycle Processing Guide	This manual includes instructions and tutorials for ACR/Summary variable cycle processing, which is supported on z/OS, Windows, UNIX, and Linux.	4.3
ACR/Summary and ACR/Detail User Program Guide	This guide describes external programs that enable ACR/Summary and ACR/Detail for z/OS, Windows, UNIX, Linux, and IBM i to access additional input source types.	4.3
Messages and Codes	<p>This guide explains messages and codes generated by the following products:</p> <ul style="list-style-type: none"> <li>• ACR/Summary and ACR/Detail for z/OS, Windows, UNIX, and Linux</li> <li>• ACR/Connector</li> <li>• ACR/File</li> </ul>	4.3
Infogix ACR Solutions for Common Coding Challenges	This guide provides tips and techniques for some common rules-writing scenarios for ACR/Summary and ACR/Detail for z/OS, Windows, UNIX, and Linux.	4.3

(Scroll down for documentation for other platforms.)

## Documentation for UNIX and Linux

Title	Contents	Release
Release Notes	This document describes the new features of ACR/Summary and ACR/Detail for z/OS, Windows, UNIX, and Linux.	4.3
ACR/Summary and ACR/Detail Installation Guide for UNIX and Linux	This guide includes instructions for installing ACR/Summary and/or ACR/Detail in the UNIX and Linux environments.	4.3
ACR/Summary User Guide for Windows, UNIX, and Linux	This is the user guide for ACR/Summary on the Windows, UNIX, and Linux platforms.	4.3
ACR/Detail User Guide for Windows, UNIX, and Linux	This is the user guide for ACR/Detail on the Windows, UNIX, and Linux platforms.	4.3
ACR/Summary Variable Cycle Processing Guide	This manual includes instructions and tutorials for ACR/Summary variable cycle processing, which is supported on z/OS, Windows, UNIX, and Linux.	4.3
ACR/Summary and ACR/Detail User Program Guide	This guide describes external programs that enable ACR/Summary and ACR/Detail for z/OS, Windows, UNIX, Linux, and IBM i to access additional input source types.	4.3
Messages and Codes	This guide explains messages and codes generated by the following products: <ul style="list-style-type: none"><li>• ACR/Summary and ACR/Detail for z/OS, Windows, UNIX, and Linux</li><li>• ACR/Connector</li><li>• ACR/File</li></ul>	4.3
Infogix ACR Solutions for Common Coding Challenges	This guide provides tips and techniques for some common rules-writing scenarios for ACR/Summary and ACR/Detail for z/OS, Windows, UNIX, and Linux.	4.3

## Documentation for IBM i (formerly OS/400)

Title	Contents	Release
ACR/Summary and ACR/Detail Installation Guide for OS/400	This guide includes instructions for installing ACR/Summary and/or ACR/Detail in the OS/400 environment.	3.5
ACR/Summary User Guide for OS/400	This is the user guide for this product.	3.5
ACR/Detail User Guide for OS/400	This is the user guide for this product.	3.5
ACR/Summary and ACR/Detail User Program Guide	This guide describes external programs that enable ACR/Summary and ACR/Detail for z/OS, Windows, UNIX, Linux, and IBM i (formerly OS/400) to access additional input source types.	4.3
Infogix ACR Solutions for Common Coding Challenges	This guide provides tips and techniques for some common rules-writing scenarios for ACR/Summary and ACR/Detail for z/OS, Windows, UNIX, and Linux.	4.3

## Documentation for ACR/Connector

Title	Contents	Release
ACR/Connector Installation and User Guide	This is the installation and user guide for this product for z/OS, UNIX, Windows, and IBM i (formerly OS/400).	4.3
Messages and Codes	This guide explains messages and codes generated by the following products: <ul style="list-style-type: none"><li>• ACR/Summary and ACR/Detail for z/OS, Windows, UNIX, and Linux</li><li>• ACR/Connector</li><li>• ACR/File</li></ul>	4.3
